

A full-length photograph of a bride from behind, standing in front of a window with sheer white curtains. She is wearing a white lace wedding gown with a long train. Her hair is styled in long, wavy curls. The scene is lit with soft, natural light from the window.

Wedding Photography

Your Photographic Investment

I love vibrant,
authentic wedding photography.
It's important for me to give
my clients a true reflection of
their wedding day. Filterless.
My style is natural, colourful
and unobtrusive, helping
you feel relaxed and confident
on your wedding day.
It's thrilling to think the memories
I capture will be talked
about and cherished long
after your wedding, and long
after I have left the earth.
Generations will be looking
back at those images captured.

“Simone is outstanding. My husband and I used Simone to redo our wedding photos and she was amazing to work with. She communicated clearly with us, asked us heaps of questions so no photo was missed. She was so much fun and energetic on the day made us feel very comfortable and was just an all round enjoyable experience.”
